Mr. Joe Frye Jr.
Chairman - Scholarship Committee
North Carolina Coal Institute, Inc.
PO Box 3672
Pikeville, KY 41502

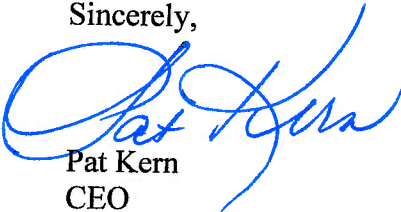

Dear Mr. Frye:

Thank you for your contribution of \$3,500.00 that Rend Lake College Foundation received on 7/9/2010. We have contacted the correct department and will be choosing the recipient as quickly as possible.

The realization is that without scholarships it would not have been possible for many of those students to even enroll in college. With the generosity of others, those students are able to enroll and excel. Today, more than ever, scholarships are providing financial assistance to those struggling to afford their educations.

Thank you for your gift and your support of Rend Lake College students. If I can be of any further assistance please feel free to contact me at (618) 437-5321 extension 1324.

Sincerely,

Pat Kern
CEO

Scholarship Committee
North Carolina Coal Institute
P. O. Box 3672
Pikeville, KY 41502

Dear Joe,

We have received your gift of \$3500 made to the Southwest Virginia Community College Educational Foundation, Inc. June 29, 2010. Your gift will be designated for the North Carolina Coal Institute Scholarship at SWCC. Your gift is sincerely appreciated by SWCC and by our scholarship recipients. Your commitment to SWCC and our students is so valuable.

After yet another state-wide tuition increase for the fall semester, our need for scholarship support is even more important at SWCC and we are so pleased that you are supporting this program. Your generous support will have a positive impact on the future of students for many years.

Please retain this letter as your official receipt for tax purposes. As required by the IRS, we acknowledge that you received no goods or services for your gift.

Thank you again for this important gift and your support of SWCC and our students. Have a wonderful summer!

Sincerely,

Mary W. Lawson

Pikeville, KY 41502

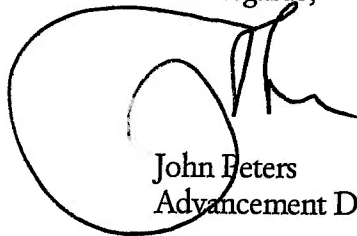

Dear Friends:

Thank you for your very generous gift of \$3,500.00 to Madisonville Community College, specifically for a scholarship for a pre-engineering, mining engineering, or coal mining program student. Gifts such as yours increase educational opportunities by providing much needed support for our students and strengthen the college's ability to carry out its comprehensive mission.

As a contribution to MCC, your gift is defined as tax deductible under criteria established in IRS Code Section 170 and 6115. If you wish, the Advancement Office can provide further tax-related information.

We do thank you for your *continuing* support of the entire college and most importantly our students. People graduate from college because of donors like you.

Best regards,

John Peters
Advancement Director

Dear Mr. Frye:

Thank you so much the most recent contribution in the amount of \$3,500 to our scholarship fund for a deserving student in one of our coal related programs. Scholarships are so important to our students and this scholarship is helping us meet the needs of these students at Hazard Community and Technical College.

The continued commitment of the North Carolina Coal Institute and your belief in the mission of our college is a wonderful tribute that we are very grateful for. On behalf of the faculty, staff and especially the students at HCTC thank you so much for your generosity.

Sincerely,

Dear Mr. Frye:

Please accept my personal thanks on behalf of the faculty & staff for making an investment in the future of Penn State Fayette, The Eberly Campus. Your recent gift of \$3,500 to support a scholarship in the Mining Technology program is essential to our ability to provide outstanding educational opportunity – a Penn State education - to the people of our region.

Hopefully, I will have the opportunity to thank you in person sometime. I would certainly welcome the opportunity to host you for a campus visit if you are ever in the area.

Sincerely,

Lori A. Omatick

Pikeville, KY 41502-3672

Dear Mr. Frye:

On behalf of the College of Engineering, I express our appreciation for North Carolina Coal Institute Inc.'s gift of \$5,000.00 for the North Carolina Coal Institute Scholarship Fund. This generous gesture will benefit the college and its programs as we seek to provide the best in teaching, research and public service to students, to industry and to citizens within the Commonwealth and beyond.

Even during these tough economic times, College of Engineering alumni, friends and corporate partners continue to support our efforts, whether it is a scholarship, a building project, a research initiative, or a myriad of other endeavors. It is particularly heartening to me that so many of our alumni and friends answer our call to participate in offering students the best in engineering education. After all these years as Dean, I still say with great conviction that the UK engineering college is simply the best.

Certainly, we face challenges, however, I am confident that with continuing private support, the College of Engineering will remain a place where students grow, learn and achieve. Thank you again for being a part of the college's success story. With warm personal regards, I remain

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Tom Lester', written over a white background.

Dear Mr. Frye:

On behalf of the Kentucky Community and Technical College System (KCTCS), thank you and the North Carolina Coal Institute, Inc. for your scholarship support to Madisonville Community College.

Madisonville Community College has made excellent strides in addressing the community's needs and has a critical role in providing a better quality of life, a well-educated and trained workforce, and local economic growth. Your gift, along with those of others, supports the College and enables us to sustain excellence throughout KCTCS.

Thank you for sharing our commitment to provide a better future for citizens served by Madisonville Community College. With your continued help, Kentucky's two-year college system is *Transforming Lives. Transforming Kentucky.*

Sincerely,

Michael B. McCall, Ed.D.

Dear Mr Frye:

Thank you for your recent contribution of \$3500 for the School of Mining Engineering Technology Scholarship. Your thoughtfulness will benefit Bluefield State College students and, as a result, their families and our community. Our institution as a whole also benefits, as the Bluefield State College Foundation funds almost all the private scholarships awarded, College programs and professional development for our faculty and staff.

Your gift helps keep Bluefield State College financially secure while assisting students who might not otherwise be able to attend college. By investing in education, you are helping achieve the goals and dreams that make a better life for us all. Please accept our deep appreciation.

Again, thank you for supporting Bluefield State College. You may feel a sense of pride and accomplishment in that your generosity is helping make education possible. We look forward to another year of providing the critical services our students and community expect from us.

Sincerely,

Albert L. Walker
President
Bluefield State College

Roanoke, VA 24042-0026

Dear Mr. Frye:

The following information will provide a brief synopsis of the academic status of the student(s) awarded The North Carolina Coal Mining Institute Scholarship for the First Semester 2010-2011 academic year.

NAME	ADDRESS	RANK
Zachary Thompson	P.O. Box 401 Sophia, WV 25921	Sophomore

This student will be continued for the Second Semester of the 2010-2011 Academic Year provided he continues to satisfy established academic criteria for scholarship recipients within the College of Engineering and Mineral Resources.

In the event that a recipient graduates in December 2010 or fails to satisfy established academic criteria, we will attempt to find qualified replacements.

We sincerely appreciate your continuing support for our Mining Engineering Students.

Please contact me at 304-293-4124 or by letter if you desire additional information.

Sincerely,

Royce J. Watts

August 5, 2010

Dear Mr. Frye,

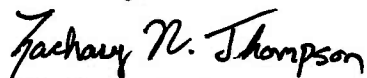

I am very honored and appreciative to have been awarded *The North Carolina Coal Mining Institute Scholarships* for the 2010-2011 school terms. Thank you very much for your generosity to West Virginia University which provides support to students enrolled in the Mining or Petroleum and Natural Gas Engineering Program at West Virginia University.

My name is Zach Thompson and I am from Sophia, West Virginia which is in Raleigh County. Raleigh County is in southern West Virginia. I am a twenty year old sophomore at West Virginia University. In selecting to major in Mining Engineering, I will continue in a field that my family has been involved with for decades. My great-grandfather was a mining superintendent for Sterling Smokeless Coal Company. My father and uncle are presently employed in the mining industry, both in management and sales. I realize and respect the importance of the coal industry to our nation that's why I elected to major in Mining Engineering at West Virginia University, College of Engineering and Mineral Resources.

As I'm sure you are aware, higher education is increasingly more expensive each year. By being selected as a recipient for *The North Carolina Coal Mining Institute Scholarships*, you have greatly reduced the financial burden on my family and me. We are very grateful to receive such generous scholarships. I was very excited when I received the news that I was a recipient for the scholarships.

Again, thank you very much for your thoughtfulness in providing this financial assistance. You are helping me and other students to fulfill a life achievement. I hope I will have the opportunity to express my appreciation to you in person before I graduate from WVU.

Sincerely,

Zachary N. Thompson

Mr. Joe Frye, Chairman
Scholarship Committee
NCCI-The Coal Institute
P O Box 3672
Pikeville, KY 41502

Dear Mr. Frye:

This letter acknowledges receipt of a check for \$3,500 to Bluefield State College for use for a scholarship for a student in mining engineering or in a program related to mining engineering. You can be assured that this money will be used wisely and that the student selected will represent Bluefield State College and the NCCI-The Coal Institute well.

Rachael Ellis received the scholarship last year and is working as a mining engineer trainee with a coal company in Raleigh County, West Virginia. Rachael was an outstanding student and represented the coal industry well at the Bluefield Coal Show. She will return to school this fall to complete her education.

As soon as the student is selected for this year, we will contact you. There will be an opportune time for your Institute to be recognized in a presentation to the scholarship recipient.

Again thank you for your continued support. We look forward to working with you in the future.

Sincerely,

Frank Hart, Dean
School of Engineering Technology and Computer Science
